“ The day Elmer entered my sister Arlene’s life is the day I lost my sister. My name is Janice and I am the older sister of Arlene. I loved my sister very much . Elmer did a good job of covering everything up about how shitty of a person he truly was. He used to beat my sister Arlene.. he abused her and had a criminal past of robberies. He manipulated my mother, Dorothy and took advantage of them to the point where he changed her will to give everything to him and left me out of it. My sister and mother were kidnapped by Elmer. He is not who he portrays himself as. He ripped my family apart leaving me and my children to grow up without a mother and grandmother to my 5 children. I never was able to say goodbye to my sister or my mother when they hitailed to Florida. Took my mother’s will and changed it over , took all my mother and fathers savings to benefit his life and to create this fake lavish life off of. I hope you see this Elmer and I know you will perish in front of the lord. You have ripped my mother and sister away from me and I will never forgive you for what you’ve done. Karma will be looking for you. I hope you are happy. I don’t know how someone can live with the things you’ve done to them. You are nothing but a low life soul who ruined everything I’ve ever had with my mom and sister. Enjoy the rest of your life living off my sisters money now. One day you will meet your maker.

“ How do we say goodbye to such a vibrant woman with such a kind and gentle soul. It has been years since we worked together, or even saw each other, but you were never far from my mind, and I was blessed to call you my friend. Arlene was one of the strongest women I know, having faced so many personal challenges, and never giving up the fight. Heaven has gained a very special Angel, while we, here on earth, will miss you. Comfort is knowing that you are no long suffering, and I pray for God to watch over Elmer, Myles, and your fur babies. Rest In Peace my friend.

“ I met Arlene at Boston Store and we became good friends. She was always thoughtful, kind and had a huge heart. She will be watching over Elmer, Myles and her furry 4 legged boys who will all miss her. She embraced her Lupus and was a fighter until the end. I am a better person because of her. I will miss you Arlene and remember your strength and hope to gain some of that. God Bless and watch over your boys!
