“ My condolences to Kim and other family and friends. I greatly enjoyed getting to know Chuck through our time at Beloved Disciple parish. It was always a pleasure to talk with him about church activities or political science or Notre Dame or whatever else came up.

“ Heartfelt sympathy to Kim and the family and friends. His was such an ebullient personality that the loss must feel like sudden silence, but his voice and his laugh can still be heard. Chuck Zuzak was my dean when I was hired at SRU in 1991. Strikingly, he was an administrator who made it clear that he cared about how I was doing, and he did so right up to his retirement. Today is my last day of work as I retire, so I've been thinking about him a lot all semester with much affection. Thanks for all you did, Chuck. Thanks for your warmth, and most of all, for all the stories and good humor. You affected many lives and you leave a dear legacy. I'm sure your family takes comfort in knowing it was a vibrant life well-lived and that it continues in all who knew you.

“ Chuck and I arrived at Slippery Rock State College, now University, in 1980. We immediately bonded and I was honored to MC his retirement party many years later. Chuck was a dear friend and colleague Under his leadership, the College of Arts and Sciences thrived. Chuck was also a loving father and husband. His love for Kim and her family had no limits.

I will miss our occasional talks, and was blessed to have him in my life. Our condolences and love to Kim and her family.

“ Dr. Zuzak was my direct supervisor during the years 1980-1990, and he and I were not only professional colleagues with the shared goal of providing the best possible education to the students of Slippery Rock University of PA, but also became close personal friends. I treasure all the time we spent together, and I have a large hole in my life with his passing. I learned a great deal from Chuck, not the least of which was an appreciation for being a leader with empathy and sensitivity and putting the well being of our colleagues at the top of our priority list. Chuck Zuzak's modus operandi as a Dean helped innumerable students, faculty, staff, and alums of our University. His influence lives on in their lives. My condolences to Kim and her children and partner. May God bless his soul.
