“ Dear Aunt Donna, I always saw you as an Angel not a person so I know you are safely home now. It was such an honor to be named after a kindhearted, warm, caring, loving person like you. I know we will be together again some day but a beautiful light went out when you left. I miss you so much and will love you forever.

“ Sitting in the living room, her eyes bright & smile anticipating, we played the GoGos "VACATION" & she started singing with us on the 2nd verse! We were only teenagers but Donna made us feel like cool young women

“ My dear, sweet Aunt Donna. There has always been and will forever be a special place in my heart for you. I can remember feeling so excited when you would come to visit us as a child, and dreading you leaving. I would clutch your arm and cry because I couldn't bare the thought of you leaving. As a teenager you sewed my flag

Corp uniform for me, bought my boots, helped send me to camp and endless other gifts. While you didn't give birth to me I always felt you were my second momma. Never once can I ever remember you raising your voice or saying anything hurtful to others. You gave from your heart always. You sat holding my mothers hand as she took her last breath. I have no doubt Mom met you at the doors of heaven, along with Uncle Fred and Granddad and countless others. I wish miss everything about you and cherish the wonderful memories of you. I love you.
