“ I Just wanted to give my sincere condolences to Thanee's Family as I knew Thanee when I was growing up in Orlando and visiting The Wat Florida Dhammaram when Thanee was an ordained Buddhist Monk and Thanee was a very great person as he was the kind of person that could make anyone laugh or smile as Thanee was known for his smile and his laughter and his sense of humor.

if I could say something about Thanee I Just wanted to say that he is an amazing guy that was almost like Family everyone loved him and adored him and that Thanee was definitely the nicest person anyone could ever meet. as I remember when I first met

Thanee me and him used to listen to the backstreet boys since he loved 90s music and that Thanee was an inspiration he loved to inspire people of all ages and that he loved to Teach and guide people through his knowledge and wisdom as Thanee was the type of man who was a Leader and someone who could motivate people in the right direction.

That's how Great Mr.Thanee was as Thanee will be forever missed and he definitely was one of a Kind as I will miss hearing Thanee's laughter and seeing his smile when he walks through the doorway as Thanee had a big heart and an awesome personality and he was a man of virtue and he was definitely one in a Million.

So I Just wanted to say Thank You to Thanee for all of the memories as we will forever miss you and you will always be in our hearts. so rest easy bro until we meet again in the Great Beyond. - Adam L Russell
