“ Oh Yoli... how I cried with your Mickey Jr., by phone, when I called to find out how you were doing... I loved you just as I loved Mickey. I knew so much of you, Mickey Jr., your Nena and Grand Gems from all the stories Mickey shared with me from all the Dancing you guys did and with all your cruises... How wonderful the stories! Yoli, if I can remember, we never met in person because I wasn't around when Mickey met and married you, but I knew so much of you from the beautiful stories Mickey shared with me... and when we spoke on the phone it was as if I knew you for years... and I did... in my thoughts and in my Heart. You were both meant to be together forever! How my Heart is broken!

Continue to Dance and continue to love each other as much as the love you had for each other on earth. Will forever love you both and hold you close to my Heart!
Always, Madeline "Maddy"

“ Yolie I can't stop Crying. I just can't believe you are both gone. When I think about our very last conversation when Mickey was taken to the hospital you said to me “ i just can't live with out him”. Those were the exact words you told me crying. Deep in my heart I knew you loved him so much that you wouldn't have endured knowing he had passed away and had left you behind. Your love was so strong. He always worried about you. Even when he was in NY and you were in Florida. The alarm on his phone would go off and he would tell us that was a reminder for you to take one of your medications. He would pick up his phone and call you right away. There was nothing this man would not do for you. Whenever we were in Florida and we were shopping he would say to Jesse “ Happy wife means happy life.” Of course Jesse would chime in and a broke pocket. Mickey would argue with Jesse and say let her buy whatever she wants. Whenever we were in the Outlets he was always very patient. Never complained about the amount of time we took in the stores. He would always tell us as long as she's happy I'm happy.

Now you're both no longer suffering. Now you Can dance salsa all you want. I will forever love you both and miss you tremendously. Till we meet again in the next life.love you guys forever!

“ I don't have the words to describe how heart broken I am but I do have all our memories that I was bless to have with you these past 20 years. Especially when I picked you up for your doctors appointments and we get to have our one on one talk about life and you always say " Don't forget Linda I love you girl but not as a friend but as a niece"... I love all our get together for all different type of celebration but most of all I will hold dear our crazy wild dancing nights we all had that usually always seem to lead us to 3am conversations over some delicious food. They were the best.

I am sorry i didn't get to hear your voice one more time or your laughter that was so contiguous. I will miss you and love you Tia Yolie.

“ My beautiful Titi Jolie, you were a fighter to the bitter end- a true warrior who we know held on as much as you could. As hard as this is for us, we know in our hearts that you had to enter heaven together because a love like yours could not be separated. We will always love and remember you. We had so many great times with you and I'm so happy that we were able to share those moments together. I can close my eyes and hear your laugh or hear you scolding Uncle Mickey for teasing Gio. Thank you for always being you, such a loving and nurturing soul. I will never ever forget how much you loved us- especially Gio. He has the funniest stories to share about you- so when we sit around to talk, as sad as we are, we have these amazing memories to help us laugh and smile. I truly hope that heaven has some sort of shopping experience, a wing store or something because I can't imagine you not being able to do what you loved to do most. Rest in peace. We'll love you forever. Until we meet again...

“ I still can't believe you're gone, titi Jolie. I dreamed of dancing with you at my wedding. I expected to introduce you to my future children one day and smile as you shower them in affection the way you did for me my whole life. I'm heartbroken. I'm glad you are at peace now though. Your impact on the family is huge and will continue to live on. I promise to hold you & Mickey in my heart's forever. With so much love,
