“ Alice was a very dear and loyal friend to me... She was always there for me, without fail and without question. I could rely on her for anything and I knew she would always be there for support. There is nothing that she would not do for you if you were her friend. I miss her tremendously and think of her every day...

“ Rest in peace Alice. I remember you and Ann were some of the first 'orchid people' I met back in 2002 after joining the Society. Many times I would run into you both at various orchid shows/sales. I will miss your kindness and helpfulness with all you did for the Society.

“ Alice was such a great friend to all at our Orchid Society, her soft tone will be missed by each of us. She took care of all our meals at our Shows and at our Auction, along with her dear friend Ann R.. Ann we know you will miss her for a long time, but remember we are here for you in your time of loss.  
Rest in peace dear Alice, may your fond memory linger in our hearts for many years.  
You will be missed.

*I came to know Alice through our mutual fascination for orchids. Alice was always kind and caring and supported the CFOS with many hours of volunteer service. Her smiles will be missed. Praying that her friends and family find some comfort by recalling her good nature and sweet memories.*

“ *Alice was far too young to leave us, and far too feisty, bright and intelligent. She had lots more to give us, even if she and I went head to head on some issues. She always made me do my homework, work harder and think more deeply. I miss her so much and am terribly sorry to see her go.*

“ *Alice had a quick wit, and broad interests. She and I had a common interest in Indonesia, it's culture and politics. I am sad to hear this news; I wanted to cook another Indonesian dinner for her.*
