“ Andrea was reunited with our family a year ago, and although I never got the chance to meet her in person, we exchanged messages and followed each other on social media. I got to know her better thru her sister "Gildi", she shared their adventures and laughs with me and I can say that although the time was sadly short, she made a huge impact on her life which she shared with us. We were all looking forward to meeting the loving and fun girl that Andrea was as with her sister. We are very saddened that we will not get to experience any physical time with her but we will carry her memory in our hearts. Our sincerest sympathies to Andrea's family and friends.
