

Ante Rudez M.D.

June 14, 1944 - April 22, 2026

Dr. Ante Rudez passed away peacefully on April 22nd, 2026. He was a loving husband, father, grandfather, and dedicated medical doctor. Born on June 14th, 1944, Ante came from humble beginnings in Imotski, Croatia. Ante immigrated to the United States in 1971 where he navigated a world unknown. Nothing was easy, but overcoming obstacles was a way of life for him. Ante took on any challenge; nothing was ever too much work or deemed impossible. This characteristic is what made him a beloved doctor in the Orlando community for 43 years. He worked hard throughout his life to achieve beyond his dreams. His gregarious nature was endearing to all who knew him.

Ante was an avid gardener, world traveler and lifelong learner. Together with his wife Julia, he summited Mt. Kilimanjaro, Mt. Everest Base Camp, and hiked the Tour du Mont Blanc. He was proud of his accomplishments and always encouraged others to seek adventure, try new things and step out of their comfort zones.

Ante's proudest achievement was raising a family with his wife. He helped create countless memories that will be cherished by his family. Ante leaves his loved ones with many valuable life lessons. His life serves as a true example of resilience, compassion for others, appreciation for nature and living a life with purpose.

Ante is survived by his devoted wife, Julia Rudez. He is lovingly remembered by his children Vanda and Daniel, along with his grandchildren Mila, Sebastian and Mathais. He will forever be missed, but his legacy will live on through his dear children and grandchildren.

A private family service will be held to honor Ante's life. The family appreciates your thoughts and prayers during this time.

Julia, Danny, Vanda, and family, I am so sorry to learn of these recent times of Tony's illness and passing from your and our presence. Your Husband and Dad was one of the most vivid examples in my life of someone who use his life with great purpose and service to a life of opportunities and service to the well being of others as a physician and charitable contributions to his community. May these days of sorrow, heal in time with memories of that bring smiles to your hearts.
