My heart broke the moment I heard the news. One thinks that a child should outlive the parents; it throws the rhythm of life off so much when a tragedy like this happens. I am so sorry for your loss, Sam.

“ Arin, my nephew with the contagious smile. Your smile was so different from others. It gave a feeling of true happiness. I didn't see much of you in recent years, but remember lots of good times. Your presence will be missed and your knowledge of so many subjects that came up in conversations. Rest easy.

“May joy and peace surround you,
Contentment latch your door,
And happiness be with you now,
And bless you evermore.”

“ Nephew, no doubt gone too soon. May your body rest in peace and your spirit rest in love. Your ability to have a thoughtful, in depth conversation about any topic will be missed. It is with a heavy heart I say goodbye in this life. But with faith I know I will see you in the next, along side other loved ones waiting for us. Until that day, “may the sun shine warm upon your face; the rains fall soft upon your fields and until we meet again, may God hold you in the palm of His hand.”

My heart is heavy. The short time i worked with Arin was a pleasure . He was hardworking and dedicated to his coworkers . Arin was smart and kind to all. He loved and appreciated his mom more than he could ever say . My thoughts and prayers are with you Sam on this sad day .

“ *It is with sadness that I am writing this message. When I first met and worked with Arin he was very quiet but then came out of his shell. He was a funny smart kid with a contagious smile. It was a pleasure getting to know him and the conversations we shared. Sam I am so sorry for your loss and I will keep you and your family in my thoughts and prayers.*

“ *I hope you are at peace and comfortability with my dad. You guys were best buds and I know he was waiting for you, even though he would have probably preferred for you to stay down here a little longer to experience this beautiful gift. I hope in your transition you got to see the best memories in your life and got to experience happiness one more time. You were a diamond in the rough that no one took the patience to understand. You will forever be missed Arin. Thank you for everything you did, when you could!*

*Love always,

“ Arin I have no words to describe how lost I feel right now. I will always love you until forever begins again. You gave me light when all was lost and never left me to sink. You always made me feel like I was worth it all and never made feel less then. I wish you were still here but I can't wait to see what the next life has in store for us. Always please wait for me.

“ In the time that Arin worked with us at Timberlake, I had the opportunity to meet him. He was always a quiet boy but when I talked to him I quickly realized how genuinely good he was, one of the few that didn't make me feel like an outcast. I have met very few people with a heart like his, a heart of gold. For this reason, and because a mother should not lose her son, my heart breaks with the sad news that he left to heaven. I raise a prayer, asking God to place much love and peace in the hearts of all his family and friends who came to know him ❤️
