Barbara Louise Lang Owens

A mother, a mentor, a friend, a leader, a patriot, but most importantly a Christian. She was a practicing Catholic.

Barbara grew up in New Jersey and in Germany, married and lived in throughout the United States and in Spain and finally settled in Orlando.

Barbara never knew a stranger, always willing to accept all people. She believed in the right of free speech, freedom to choose your religion and the freedom to pursue your own ambitions. Barbara stayed involved not only with her children's educational studies and social activities, but with community events and charities as well. She was instrumental in trying to improve the educational system in the state of Florida by working/ Volunteering with the PTA and with Florida Department of Education. Once her children were grown, she started another career ... Barbara became a very successful retail manager selling Fine China and Giftware.

Barbara had an unique ability to see an individual's worth and capabilities and in doing so she was able to mold and inspire many to become better and stronger people whether in business, in school, in politics or simple better parents. Her inspiration and leadership will be missed.
