“ Hi, I'm Wuanita , the niece of Latricia Newby. I've known Ms Carolyn pretty much my entire life and I'm 34. She was my aunts best friend which made her my family. Ms. Carolyn has always been present in my aunts life and been her support when she needed her. If you know Ms. Carolyn you know she was good spirited, strong, smart, witty, and an independent women. When I'm around her I have worries. She was a queen. She will be truly missed and I'm honored to have known her. Blessings to her children, close family and friends.

“ Ms. Carolyn was an amazing person. She was kind and funny and generous. She's always remembered my birthday and that made me feel special. There is one memory of her that I will never forget as long as I live. She and my auntie took me to the casino for the first time in my life and I couldn't believe how much fun I had. I will cherish that memory forever. Thank you

She cared so much about everyone that she came in contact with and was such a positive presence in our department. Thank you, Carolyn, for being such a good friend over these last several years!! Rest in peace, my friend!!

“ Carolyn was a wonderful, loving, and compassionate friend. A compassionate friend who did what I couldn't. She drove my son from Florida to Minnesota to attend his first year of college. Most people never got the chance to see that side of her. I was so blessed to have her as a friend. Thanks Carolyn for over 30 years of friendship. I'll miss you! Rest in peace, you've earned it.

“ I met Ms. Carolyn in 2008. It was in 2012 when she and I really became close. She truly was a friend that stood closer than a brother. She stood with me through blindness, cancer treatments, and multiple surgeries. You could always find her in the room. I loved her and she will be truly missed.

“ *I trained Carolyn in Radio when she came to OPD. We became fast friends after she certified and I loved working with her, especially on midnights where we would ponder the meaning of life and other things. I brought her several very large bags of wool my mom had after she had passed, and she used them all to crochet items for friends and the needy and the preemies. Which is what my mom did too. Carolyn could be tough when needed but had a heart of gold and a beautiful soul.*
