“ *Thinking of Cheryl's family and friends. I had the honor of working in MRI with her. It was the two of us daily on MRI trailer for awhile. We would share stories, laugh, & walk to get Einstein bagels in the morning before our patients started. She was a friend and always there for you. Lucky to call her a friend.*

*Cheryl, you were always so generous with your time, and endlessly patient when I kept asking how to do one Tai Chi move...usually the same one, over and over!*
