“ I just learned of Chris' passing. My belated condolences to his family. I attended Embry-Riddle with Chris back in the late 80's. After graduating, our careers took us in different direction, but we still kept in touch. Those countless hours studying together payed off for him as he had an incredible career with GOAA. Chris was an amazing friend and a really nice guy. I lost a special friend in life, but heaven gained a tremendous soul. May he rest in peace.

“ I had the pleasure of working with Chris at the beginning of his career at GOAA back in the 90s. He was kind and thoughtful and a joy to work with and I know he will be deeply missed. May he rest in peace. My deepest condolences to his family.

“ Chris was a charter member of the informal breakfast club at the former Conway Cafe on Hoffner Avenue. He would meet there nearly every Saturday morning with friends to discuss everything aviation. There wasn't anything with wings that Chris wasn't interested in or knew about. I have many pleasant memories of chatting with him over coffee and talking about the last airshow he saw, or the next airshow he planned to attend. Chris was a good guy and will be missed. Blue Skies and Tailwinds, my friend.

My condolences to the family.

“ Chris was one of the good guys. He was polite and respectful to everyone. We shared a love of animals and had fun feeding the neighbor squirrels and dealing with the feral cat that kept having kittens in our complex. We would have talks about any and everything. I will miss his wit, opinions and advice. He dreamed of moving to mountains in Tennessee when he retired, but God had plans for him to go to the ultimate mountain. He will be greatly missed. My sincere condolences to his family. Cheryl M.

“ We will all deeply miss Chris...great friend, great leader, great person. His passion for all things airport was contagious, and only dwarfed by his love of animals, particularly his beloved pup. One of the kindest souls I've ever met. Thank you for always encouraging me.

“ My deepest and sincere sympathy to Chris' family. May The Lord bless all of you with peace and comfort in this unfortunate and sad time. I will keep everyone in my prayers. Chris and I worked together in the early 2000's, when he managed the Lost & Found department, Landside Operations. We were faced with lots of challenges, but we worked great together to achieve our goals for the department. He was a pleasure to work with and always treated everyone with kindness and respect. I have fond memories of him and will treasure them. May my friend/coworker, Chris Camerino, Rest In Eternal Peace. 🙏

“ First of all my condolence to his family, May God give all the strength to recover from this loss.

Since he was as ambitious as I was, we would compete for jobs whenever possible and we reached a point that we were getting rejected everytime. So Chris suggested we start keeping record of our rejection letters so as to see who gets more rejection letters. I have yet to find out the exact count because I left to go work at another airport same year.

What a great friend he was and we could have converstions on just about any topic.

May God Bless his soul

I just learned of Chris' passing and I wanted to express my belated condolences. I too worked with Chris at GOAA and we both shared a passion for aviation. He was always a pro - always and I respected that the most. To Chris' family and friends, I offer my thoughts and prayers. While his life was far too short, he packed in so much and left a legacy of friendships. Godspeed!
