Tribute Wall

“ Everything continues to be all just a blur to me. I still can't truly accept that you nor Kevin are no longer with us. We might not have been the tightest of all but we were family and that's all that matters. When I was younger I remember sleeping over many nights with you guys and how I made you both believe for years that farting was disgusting and I never farted because I was a girl. You guys believe me until we grew older of course then you would make fun of me for it. Jujy loves and misses you although you would always bug him. "Itopher" he still says as he goes to your room. This sucks !! From going to the funeral home to making the slide show for your viewing. It all makes me realize how short life really is. I love you Chris and Kevin. I kiss you both. Sleep in Paradise.
