“ I want to thank everyone who has sent their condolences, flowers, cards, donations, & presence at my sister Claudia's service. My family & I were moved by the turnout, we all knew Claudia had a huge heart for being such a small person but that night it was validated & we can't thank you all enough. Some of you ask how you can help well i have a request, write down memory you have of my sister (funny/ silly/ goofy/ what ever) on a piece of paper & mail it to me please, we would love to read them, thank you.

“ *What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch. We may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget. Sweet Claudia, with a smile that could lite up an entire stadium. It was an honor to have known you and I will always hold and cherish our memories. Our hearts are heavy. Please Dear Lord, I pray, that the family finds peace in the difficult days ahead. I know for certain that we never lose the people we love, even to death.*

They continue to participate in every act, thought and decision we make.

Their love leaves an indelible imprint in our memories.

We find comfort in knowing that our lives have been enriched by having shared their love..

“ *I'm really missing my sister. Although we pissed each other off more than anyone else, there was never a question about the love we had for each other. Claudia was there for me at a time when no one else was. Life will never be the same. I cannot think of a single time when Claudia turned down an opportunity to babysit Victoria. Thank you Claudia for all the love you showed Victoria; more than most people experience in a lifetime. You will always be missed and forever live in our hearts. We love you!*

And I have hope toward God, which hope these men also look forward to, that there is going to be a resurrection of both the righteous and the unrighteous.

“ I will always remember all the times when we go out to eat and I would eat the complimentary bread and she would look at me and say, Ravina you better stop eating that bread your not going to be able to eat your food. I would say yeah yeah. Then she would look at my plate and say your full aren't you. I say yes in shame then she would look at me and say "I told you". To this day I hear her in the back of my mind saying you better stop eating that bread. I will also remember the times we would go out somewhere and she wants to tell me something in Spanish and would look at me and say "I forgot you don't speak Spanish". Then she would say "all your friends are Spanish you should know Spanish by now!". She was always right when she yelled at me about these things and these are memories I will always remember.

“ I will always remember her hugs and laugh. For as tiny as Claudia was, she gave the best hugs. She would hold you tight and you could just feel the love. Her laughter would light up the room, as she had that twinkle in her eye. Our hearts are heavy with your passing Claudia, but I will always cherish our fun times together???
