“ We thought for sure you would be back up here home to Minnesota after your trip. Such a shock this went so quickly. I so enjoyed being your next door neighbor all these years and will miss you greatly. I appreciated your visits to chat about everything under the sun. We always knew when Cliff was cutting his grass due to the "special hum" of his lawn mower!

“ Still telling everyone about the delightful evening I had at your place up here - Cliff working in the yard while you did my hair, then he grilled us those wonderful meatloaf burgers, and we had such nice conversation!!! Then there was the "Tiny Hands" incident ... you and your phone flashlight leading the way for Cliff and I from the Legion to Muni maneuvering our way through wet street construction muck in the dark! 🤔😅 Such cherished memories!!! 💕

“ One of the parties at the cabin when we piled all the logs on the fire pit and it burned for a week. All the times he would be the lucky one and bail us out on a box of pull tabs that was kicking our butts. Can't forget about all the wonderful games of Blue Balls. There are so many wonderful memories. He will be greatly missed. Love and miss you Cliffy.
