“ *Belinda,*

*I was so shocked and saddened to learn of Cory's death. I remember us talking about our kids when we worked together so many years ago at MC&G, when they were just starting school. I cannot even imagine the grief and pain you and your husband and daughter must be enduring at this time, but my heart breaks for you all. Sending my deepest sympathies, lots of prayers and hugs to you during this tragic and difficult time.*

“ Cory....you were always one of my favorite kids to see around the house with Brendan! You played football and LAX with him. And you guys both worked for Winn Dixie! Different store...but still a connection. You were funny, helpful, and friendly. You helped carry in groceries for me and fixed my car and were just so nice to talk with. I am so sad that a temporary let down led to this. If any young people are reading this, reach out for help when needed. Those of us that are older and wiser can guide you and offer support. Cory....you would have made a great husband and father one day because you were such a good friend to so many. May your parents and family be comforted in knowing you were so kind and just a great kid.....or should I say young adult. I pray for them to have peace and know that you are with God in heaven.

“ *We are so saddened with the news. Our hearts and sympathy go out to the family in their time of sorrow. There are no words that we can say to ease the pain. We are so sorry for the loss. Cory was such a bright, young man. He was always laughing or smiling every time that we saw him. He will be missed.*

“ Where do I start Cory, you were and always will be the light of so many peoples lives. From that first night at Cowboys all those years ago when you just made every girl there in our group melt with your genuine sweetness and hilarious humor all the way to that first pedicure you had and I was there laughing the entire time because you kept giggling every time that little asian lady touched your feet but you enjoyed every second of it and all the memories in between. That infectious smile and amazingly unique laugh that will forever be embedded in my mind, those stupid jokes we used to tell each other and how we literally could talk about nothing yet our conversations would last for forever because we would just keep going. Wednesday when I saw you at work you looked so good and I told you that, we were joking and talking about how things were going so good for you there were just a few bumps to get over and that I'd be there through it all. That tight warm hug you gave me and you told me how much you missed me and that I needed to come around more often will forever make me smile because in that moment I flew back through so many memories. I loved and adored you back then, now and will forever. Keep a seat on that dock your sitting on fishing warm for me because I'll see you soon bub, till then I'll keep smiling whenever I look up at those shining stars out in the middle of the woods. Rest easy Scurr<3

*With deepest sympathy to the Scurry family. From Little League to our Hunting camp to High School. Cory was a outstanding young man. We watched him and all the kids grow up together sharing there experiences along the way. There are so many good things to say about Cory we could write a book! But one thing stands out most of all was his smile and good nature! Our Love is with our friends the Scurry family. Dylan, Chuck and Laura Johnson.*

*P.S. Have all the stands in place and a camp fire going for us when we get up there to see you!*
