“ *Thinking of you always. You were a pain in the butt and a great joy. An enigma wrapped in a burrito shell. I miss you.*

I hate to ask but how did he pass, my name is Robert and we worked together for about a year at Harry Potter, we lost touch after I moved on and left Florida. He was an amazing person, we would laugh ALL night long if we work together on the ride, Hid wife often made ooey gooey cake for us (God was it good)!! This one hurts, I am sorry I lost touch with him.

“ *My condolences and prayers go out for the children and family. Craig and I have known one another since high school. We have shared many special and beautiful memories. I thank God that in the heavens above for giving me the honor and gift of having known Craig. He always knew how to make one laugh, pray over them, give sound and g
Godly advice. He always made my heart skip a beat with his witty and funny jokes. A wonderful father, husband and best friend. My heart is completely broken and with everyone here...we are all praying and will be here for your kids. I Thank God for you, Craig. Thank you for all of your God thoughts and prayers for my family as well. I love you forever darling. May you rest in peace in God's presence.*

“ Craig and Michele...We cannot believe they are gone. They were such a huge part of our lives when we were in Florida, and one of the few families we keep in touch with. We were just joking around with Craig on the Friday before the accident. Zach told him to give Brandon a big "noogie" from the Barlows. Brandon and Jade, you are in our hearts and in our prayers. We love you both. We are holding you tight. We love you.

“ Our Deepest Condolences...

There are no words that can express the heartache for such a loss, for the children and for the family.

Our hearts go out to Brandon and Jade. We hope and pray that God gives Jade, Brandon and the entire family, all it takes to deal with such a loss. We hope and pray that their hearts are able to heal.

I wish for them the comfort of two angel's guiding them their whole lives and hope that they feel their angel's presence, warmth and love in their hearts and touches their souls for always.

With Heartfelt Sympathy,

Cliff, Sukie and Stron-Jay Black

“ Craig was a childhood friend of mine. I lived across the street from him for many years. I have many fond memories of him. I hung out and watched him do bike tricks while listening to The a Beastie Boys, swam in his pool, fed his stinky cow and ferret when he vacationed. He was my friend, my body guard in high school. He looked out for me like a big brother. He was just that kind. I am honored to call him my friend. I am glad we stayed in touch through FB. I got to see his wonderful wife and kids and see the wonderful man/father he had become. I find some comfort in knowing that he knew the Lord. He will be missed dearly but wow he's in a wonderful place. I will be praying for family and friends because we are the ones hurting. He and Michele are perfect now. Rest in Peace! ❤️

“ Craig was a friend since childhood. We grew up on the same street in a pretty tight knit community & some of my earliest memories of my childhood include him even before we both started kindergarten. I moved out of state before we all started Jr High so we lost touch for many years but reconnected about 10 years ago & he & I stayed in touch since. Despite his tough guy appearance he was a very sweet guy & he had a great sense of humor. He always made me laugh & I just loved that about him. Anyone that knew him also knew how much he absolutely adored his family. This world will just not be the same without him & I will miss him dearly.

“ *I knew Craig for 7 years, that man was such a joy to be around. He was a character and always made people laugh. Craig was such a sweetheart, it breaks my heart that things like this happen, I will never forget him and I am honored to have met him, such a positive person and a kind soul. 😭 rest in love and my condolences to Craig's and Michele's children and family. May the lord be with you all through this hard time.*
