“ *Darlene had the biggest heart and was always happy and eager to help someone when they needed a hand, she was always there if you needed an ear to bend, a shoulder to cry on, morning coffee and gossip, advice when you were at a cross road and so much more! She was a partner in crime, a rosy cheeks giggle, a warm embrace and one of my very best friends, sweet little auntie, and second mother and while she will be forever missed, her presence will continue to be felt all around. You can find her now in the birds morning songs, colorful sunsets, and the stars in the night sky.* ”

“ *I might now be able to write you something without the tears. You came into my life at a very young age and became the only mom I ever knew. I am me because of you. You were there for me and wanted me when no one else on earth did and that I will never forget. I will always love you and you will always hold a special place in my heart. I love you always now till the end of time until we see each other again* ”

“To Darlene, you touched so many people's life and loved by all. All of your sister's will miss you each and every day! I never realized just how much of a bond that twins have until now. I don't know how to except that I'm never getting my morning phone calls from you and we talked many times a day, as I sit on my porch with my coffee and hear the birds chirping I think of you and bust out crying. Just know that we all will move on but our lives will never be the same without you in it, until I see you again RIP and fly high with mom and daddy and the rest of our family. I love you

“ *Darlene and I went to the beach together, had two different jobs together, shared clothes, went dancing and LAUGHED so much. Years would go by and our love for each other stood timeless. Her smile and laugh, and humor will never ever go away. Her loved ones are special people to be so loved by her. May she rest in loving peace. I'm certain she feels our love.*
