“ Darrell was a very good friend to me. He and his dear wife Shirley always made me feel very welcome when I visited from England. We met about 12 years ago while watching Mariachi Cobre at the Mexican pavilion in Walt Disney World's Epcot. Darrell spent many hours there with Shirley. I always looked forward to our chats and was sad when I had to say goodbye at the end of my trips. Darrell will be sorely missed by his family and his Mariachi friends. Rest In Peace my friend. Shirley and Tami.....we were shocked and extremely saddened to get your email telling us of Darrell's passing. He will be missed. We know he was so looking forward to meeting the newest member of MC and enjoying the music at Epcot. Our days spent listening to the music together just won't be the same without Darrell there too. Please know that you are in our thoughts and prayers.

Shirley and Fam. , my deepest condolences . I was very saddened to hear about Darrell's passing . When I used to play at Epcot's Norway , France , Canada and American adventure , it always felt good to see Darrell and all of our friends there , listening and enjoying our music . He would often ask us to play the " 4 String Polka" , and gave us the 4 finger signRest in peace my friend .

*Shirley and Tami,,
Please accept our sympathy in Darrell's passing.
He and I were co-workers at SAIC for many years.
I also considered him a dear friend who will be greatly
missed.
