David Alexander Johnson

5/21/1986-11/3/2019

Father, son, brother, fiancé, friend to many, child of God. Alex was a beautiful soul with passion and emotion for all those around him. He could brighten up room in a matter of seconds. He had the most joyous childlike laugh and smile. He would give the shirt off his back at a moments notice to whomever needed it without prejudice. He was a dreamer with big plans for the future. He was a beautiful handsome man full of love. He will be remembered and missed tremendously by all those left behind for years to come. We love you so much, Alex.
