

## David Logan

January 27, 1966 - January 3, 2023

David Logan left this world too early on January 3, 2023. As a friend, partner, and family member, his care was clear. His kindness and generosity of spirit will be greatly missed. David loved architecture, disaster movies, Mystery Science Theater 3K, the City of Orlando, and to celebrate. His surviving family of Donna, Pam, Darlene, Jeff, Kristen, and Jax encourage you to celebrate Brubbie's life with kindness and a splash of rum. A private family ceremony will be held. If you care to provide a further remembrance, please donate to your favorite charity.
