I worked with Deanna for over 10 years and that smile I will always remember. She loved her children more than anything in life. I was sadden to hear the news of your loss. She will be remember and always a part of many.

“ Jason, Sarah and the rest of the family,

I am saddened by the loss of such a wonderful person and my wish for all of you is to cherish the great memories you have of her. This is another example of how fragile and fleeting our lives truly are and a reminder that we must never forget to tell those we love how special they are to us each and every day. With that said, I just want Sarah and Jason to know that I think the world of you and you are truly special people. I love you dearly, as did Deanna. I know she is so thankful for the care and love that you have shown her even with everything else you've had going on in your lives...you truly are "family first".

*I love you,
Mom (BJ Paulhus)*
