“ Debra was a special person in my life, I first meet her when she started working at the Sanford Orlando dog track in Longwood , I always like talking to her and she would tell me how she went through a rough part of her life when she was married , we became close friends and I would stop by and help her out with food and making sure that Mrs Kitty had cat food, I wil always keep debra in my heart, R.I.P

“ I was very close to Debbie for many years and this news sadness me greatly. Every time she came to my house she never came empty handed, she always had something for my boys, either a candy bar or some spare change. She was very thoughtful always with my boys. Debbie had alot of hard years that I tried to help her though and at the time, I did finally have her living a new life, she got her own place and was happy again. Debbie loved nothing more than just hanging out on the dock or at the pool sunning, and so did I. We spent many afternoon in the sun, listening to the radio and just laughing and talking. I will always cherish my memories of her, because she and I ran as best friends for a long time. People who knew her as well is I did, know that she was a wonderful, goodhearted woman, and I know she is resting peacefully with the Lord now. My thoughts are prayers are with her family now, as this news is just heart breaking. All my love, Melanie Spitze
