“ Dear Jim, Kimberley, Olivia and Matthew,

*We were sad to hear what happened. Please accept our sympathy on your loss.*

*One of our fondest memories of Denise was watching her play the slots at Lake Tahoe.*

*We thought at the time, she loved to play as much as Mom did.*

*Our thoughts and prayers are with all of you.*

*Love,*

“ *Dearest Family,  
My prayers are with you as you morn the great loss of an amazing wife, mother, and grandmother. I loved my sister-in-law and will always remember her kindness and love. When Thea was nine months old I went back to teaching and Denise became her caregiver for many months. I went to work knowing Thea was in good hands and loved. I remember spending numerous Christmas Eve's at your home when you lived in the Bay Area. The food was always terrific but best of all, was the love we all shared. I have a wonderful memory when we visited last April. I will never forget the smile on Denise's face as we boarded the train to "Hogwarts" while at Universal Studios. These memories and many more will help me when I think about the great loss we all experienced. My prayer for you is that the wonderful memories you have for her as a wife, mother, and grandmother will bring you comfort in the difficult days ahead. I know Denise is in Heaven and pain free.  
Sending love and prayers.*
