“ March 30, 1993 was a memorably warm and happy day for Marg Spearin’s Grade 2 class at Forest Hill Public School. It brought a surprise visit from a very distinguished guest – Charlie Farquharson (Don Harron)

It all started with the life sized cut-out picture of Charlie that stood and welcomes everyone to Grade 2!

Many children knew his character from the Del Monte commercial, had become accustomed to Charlie as a classroom personality and now regarded him as a friend.

The children so enjoyed writing letters to Charlie. Many mentioned his old gray sweater and his friendly, funny personality. All included a joke and many asked him to visit the school if he ever came to Kitchener.

It was difficult to say whether the students or the teacher were more thrilled with a visit from Charlie! He was greeted by a roomful of delighted and surprised children. He brought the book of letters the children had sent and each child had the opportunity to read his or her own letter. For a whole hour, Charlie laughed with the children and listened closely and patiently to their work. Each child came away feeling important and proud that Charlie would take the time for his busy travels to visit them. They knew that he truly was their good friend.

To the Harron family, Don touched young and old, keep close all your warm and wonderful memories!
