“ *A Father Son Relationship.*

My Dad took great pride in my accomplishments supported me through the ups and downs we call life. I was not always the easiest son in the world to deal with but through it all I always felt his love and guidance were unconditional. Everyone makes mistakes in life but he taught me more than once it is how you respond that makes the man. God bless you! Dad! You will live in all our wonderful memories forever. Love Always your son Tom

We love you Don and we will miss you. You have always been funny and charming and I am proud to be your daughter in law. Every visit you would say to Russ, 'Now, Rusty you be nice to that little girl', just like you did when we were kids.

“ For the 14 years that I have known you, I can honestly say that they were really special. You were a big influence and will continue to be for years to come. I enjoyed the day's going fishing and hunting listening to your funny jokes and hearing about your experiences as a marine. I thank you for what you did for me and also for what you did for our country. RIP Don and I will forever miss you. God Bless.
