“ Donna was my sister who I have tried to find for many years. I am so sad that I finally have found her after God took her home. I hope to now have a relationship with Stacey and John and their families. They deserve to know the aunt they never knew about. Wish I could have been close to Donna. Sherry Hanks

“ Oh sweet Donna, I'm so sad to hear of your passing, but at the same time, know that you're happy now. Joy speaks of good times, I remember the horrible times that you had w/Billie Dee, though we both cried alot over those times, and my heart broke for you, you hung in there and made it thru. I know you loved your Daddy and your heart broke when he passed, and I suppose Billie Dee's did too is why she drank so bad and was so horrible to you....but those days are gone forever and hopefully you'll be reunited with your birth parents as well as you Daddy that you loved so much!!! You made my 16th birthday so very special and I loved you for it and our times in high school in your Mustang Ghia and the daily fried apple pies at Whataburger after school...lol...I know you remember those....Bless you dear Donna....rest in peace now my dear and my heart goes out to little John and Stacey!!! My heart is breaking, even though I know that you're in a much better place and happy now!!You were a true warrior of life though many may have never had a clue...I did. Love you girl!!!!

“ My sweet Donna. I have tried endlessly to find where she was. Now I see that she is in heaven. My sweet cousin was such a delight. Each afternoon, her mother Bill Dee Clark would bring her over to play with my sister and me while the ladies had coffee. We grew up with sweet Donna. I never knew Donna to utter a bad word against anyone. She was always so happy even as a child. Later she drew great happiness from her beautiful children. Donna played the flute in the band at King High and enjoyed marching. She had many friends here in Corpus Christi. My prayers are for her children. Please, please look at the message I have sent. My phone number will be listed there. Please call.

“ I worked with Donna during my time in the Disney College Program and every day I shared a booth with her was a great one. She had a way of making the slow days faster and the boring days exciting with her sharp wit and dry humour. She will be dearly missed and I send my deepest condolences to her friends and family.

“ I worked with Donna during my Disney College program and sharing a booth with her was always fun. We would spend those two hours joking with one another and ranting about little things. She never ceased to make me laugh and I can still hear her laugh as I type this. May you rest in peace, Donna. Thank you for all of the laughter and smiles you brought to my face even when I was thousands of miles away from home.

“ I worked with Donna 6+ years with her at Epcot and she was a dear friend in my life who always listened to my stories and she shared her stories. She encouraged me all the time. When I felt lonely she was always there to listen. Her faith inspired me at how she got so excited over the ways she saw God move in her life. Her sense of humor and laughter can still be heard in the ticket booth as it echoes from the past. She always talked about Corpus Christi. She holds a special place in my heart. I will miss her but someday we will meet again. Sorry for your loss.

“ I will miss working along side this dear woman who never let the difficulties of her daily life take away her smile or her sense of humor. She always had a story to tell and wanted to hear yours as well. Thank you for being a part of our Epcot Vacation Planning family. We miss you already. Rest in eternal peace.

“ Oh, Donna! My heart aches every time I realize you're gone. While I'm so very happy you're in a place with no pain or troubles, I still wish I'd see you walking along the plaza on your way in to work...sunglasses on and coat in hand. You were always an enduring spirit going along with whatever came your way. Rest in Peace. May you fly with the angels.

“ Donna was a fun lady to work with, despite whatever was going on in her personal life, she would always find a reason to laugh. I enjoyed working in the ticket booths at Epcot with her. She was a great friend, very loyal, and a joy to be around. I hope she knows how much her Epcot family really loved her.
