“ Donna use to baby sit for my kids. I was working at the grocery store across the street from my house. My 3 year old son went next door got their big duck (it was bigger than him) bought it back to the house chased Donna into the bedroom. Hours later I came home Donna was still in the bedroom. Everytime she tried to get out he chased her again. She said I'm never watching that means ass kid again. RIH sweet Donna
