“ *What I remember most about Dorian was his bible studies with my granddaughter Jessica. They would call me when they had questions about something they found confusing in their studies and I would give them any answers that I had but, if that was not enough for them I would always tell them to pray and ask the Holy Spirit to guide them to an understanding of God's WORD. No one know why these things happen but GOD knows all things and we need to have faith that he will handle even the pain we are in right now. When Dorian would ask me how can we as a people believe what is written in the bible I would tell him we have to have faith and through JESUS and the HOLY SPIRIT we would be inspired by the word of GOD. At Christmas I told Dorian that I wa happy he was there and that I had missed seeing him and that he was a part of our family and we needed him with us. He said, "I know Grandma and I will do better. :-(. I love and miss him and will always cherish the time that we had together as a family. Love you all family! May GOD bless us and keep us close to him in this hour of our pain!*

“ *I remember when i first met Dorian. He was someone who i actually liked. He always told me that if i needed anything, not to be afraid to ask. He was very overprotective of me. I will always miss my brother and love him dearly.*
