“ *Our sincere condolences to the family. Ian and Carter shared time in the choir together, so Doslyn and I shared time before and after services. We remember her with fondness.*

“ *Just found out about Doslyn's passing! I always enjoyed our visits. Each January I would take her my excess fruit, which she would juice and use for cooking her Jamaican dishes. I will remember her often but especially when my fruit trees ripen! Thanks Doslyn for many years of friendship. Also, when I return to London and have lunch at the Prince of Wales where you said you and Ian had lunch weekly when you lived nearby in the Elephant & Castle area. What a small world that my favorite place for Fish & Chips was an old favorite of the Palmers! I'm tearing up now and will miss you very much. Thank you God for Doslyn and Ian!!*
