“ Grandma, thank you for always listening to me when I needed someone to listen. Thank you for always giving me a shoulder to cry on when i needed one. Thank you for showing me how to treat others. Thank you for showing the family a rainbow right over the house. I know you made the rainbow appear to show that you are ok and at peace with God. Not a day goes by that I don't think about you. I ask you to please watch over me and Levi go through our life journeys and for you to be there every step of the way spiritually. I love you and miss you dearly. Love Haley and Levi

Mama your the rock of this family. Ma you have left a Huge impact on me. When I was 16 and thought I was grown I left my true home and stepped out on.my own. I took so many of your ways with me like played lotto,telling the kids to turn the lights off or else my light bill was gone be sky high. Ma we never missed a meal. Everyday was thanksgiving in your house. Just to see you or hear your voice was make my day. I no I'll see you in heaven and I'm going to do all I can to get there I promise ma. Love you your baby Selena.

“ Grandma it is so heartbreaking to see you go , I know you lived a long life because you were very blessed. I remember Thanksgiving when I would help you in the kitchen every year and you would tell me how no one else would help and they'd just eat all of the food but when you would walk out of the kitchen for a little I would take some chitterlings out of the pot (sorry) they were so good ! No one can make them like you can. I have lots of brief memories of sleeping with you in that trailer & you always watching the cooking channel or something that I didn't want to watch but eventually got used to it , I wish I would have cherished those times a little more but you never think about times like this & you never want to. You always told me how smart and beautiful I was & I'll take that with me for the rest of my life just because it came from a woman like you. Thank you for taking care of my mom and cousins and aunts , pretty much everyone .. I know you're still watching over them & you're still taking care of them. They all love you and they're going to love EACHOTHER forever because they finally realize that life is too short ❤️❤️❤️. Love love love you

“ *Nell, I remember when we first met in 1984. We were so much alike that we instantly became the best of friends. I remember the fish and grits breakfasts you would cook for us. You taught me how to cook, but I could never master it like you. We did everything together. We even shared the same birthdate. I've never seen anyone fight so hard to keep her family. You were the perfect example of a strong black woman. I will never forget and will always love you.*

“ *Where do I start, Grandma you were like a second mother to me. Your welcoming spirit touched everyone that came in contact with you. I'm so hurt to see you go, but I know that you are in a better place. You left a bright light here in earth and I will always miss you. I remember when you came to Georgia, and everyday I would say "Grandma can you make me some cheese grits" and you would make them just perfect. I love you so much. Your job here on earth is done, but you will live forever in spirit.*

“ Lord, I come to you know for my friend. I come to you to ask that you provide them strength and comfort in this time of deep need. Their hurt and grief run so deep. I feel so much pain for them, but I can only imagine how hard this time must be for them. I pray that you help them maintain their faith in you during this difficult time.

I know you can be our greatest shoulder, but I also ask that you remain their biggest provider. It is a time when daily life can be so burdensome. Please provide patience from others as they work through their grief. Surround them with understanding so that they can work through all the emotions this loss brought up. In this time when so many things get lost - bills need to be paid, homework needs to be done, etc. - allow those around them to help keep regular life on track.

And Lord, allow me to be a comfort to my friend. Help me be what they need during this time. Provide me with the comforting words, the kindness in my heart, the patience to allow the grief to take it's course. Let me be part of your light and comfort during this time.

*I pray these things in your holy name. Amen.
I am sorry for your lost Ebony, Sindrinka Bates*

“ Hey Grandma!!! I want to tell you I love you! I feel you everyday and I appreciate your presence --- I can't seem to get this cook book out of my head -- I remember every time you would be on your way to the kitchen you would ask me if I wanted to help and I would be like "YES" thinking I would be really cooking with you instead you I would become the pot assistant lol always wanting me to only hand you the pots! Oh how I wish we could get in that kitchen one more time.....watch over us until we can cook again!
