“ When I lived briefly in Orlando , you treated me like one of your kids and told me I wasn't alone and could always come by to visit ! Your smile lite up every room and I am grateful to have spent time with one of my Mom's favorites. Fly high Angel and keep watching over us all .

“ To know you was to know love! You were my second Mother! Your door was always open to us and most of all your arms! You gave the best hug and the best smile! You are going to be missed by all! You have left behind a piece of you in each of us! Sending all my love and strength to the entire family! We will miss you and carry your spirit in the wonderful memories you've gifted us!!
