“ *Felipe helped train me at work and when we went for dinner one time he told me about how he looks up to his brother and wants to be like him. He is a kind and gentle soul that is missed greatly.*

“ *This young man helped train me in January and although I only knew him for a short time the effect of this loss has shaken me to the core. We had such a wonderful time talking about life and school and science and travel and all the things that were important. Felipe was a shooting star, a gift from G_d i will never forget him his memory will be with me always*

“ I'm still in disbelief. I've known you since my sophomore year, you were such a close friend. We have had a lot of great times and memories, from track and water polo practice, to just hanging out between class. I'm going to be honest, running with you was a bittersweet thing because you were always making me laugh just so I would run out of breath. Felipe, you were an awesome teammate and an even better friend. Til' next time bro.

“ I am very saddened to hear the news that Felipe has passed away. We weren't very close but we did have some conversations when he sat next to me in govt/economics class in high school. He was a very nice person and I'm glad to have met him. My thoughts are with his family and closest friends.

“ Although I didn't know Felipe personally my Dear Friend Tonya and Brianna did. I got to see prom pictures of Felipe and Brianna and many more. I know Felipe shared a common bond with us which makes him a brother in Arms I also know Felipe was a good person not just from reading what others had to say. But I know Tonya and she upholds pretty high standard when it come to Brianna and they were both utterly devastated at the news that Felipe had been Injured. There were Chiarians from all over the globe in prayer. I was saddened to hear of your loss, and I realize you have lost a great blessing from God. I pray that God will continue to bless you in other ways and strengthen you over the days ahead.

“ I was going through a rough time in my life, and when I left University to attend Colonial junior year, you were one of the first people that reached out to me. I had never seen you before or even heard of you, but you approached me so openly. I remember one time when I jokingly said I was getting fat and you took it so seriously! So you took me to get ice cream because you said I didn't need a diet. You were the kind of person who always made people feel better, and you made so many people happy. Including me. I'm grateful for the time that I had with you, and I'm so happy that I got the opportunity to know you. Everyone called you Pepe, and even though your physical presence is gone, I will still bother you like old times and call you Fefe instead. I'll see you again soon.?

“Felipe was my boyfriend's best friend & many of my other friends best friend & although I was only associated with him for the past 2 years, there are many memories I got to share with him & I was lucky enough to personally get close to him as well. He lived 5 minutes from our college & some days he'd ask me to come over to eat food his mom made & do homework. One of my favorite memories is when we took a trip to the zoo with friends & I didn't ask, he just came up to me with a handful of food & I asked what it was for & he said "so you can feed the giraffe" & I got so excited. It's a small memory but it's always about the little things & that alone goes to show the kind of person he was.

“We met at Union Park during track, he in 8th grade & me in 6th. He was the first guy to truly take an interest in me, he was the first guy to call me pretty and mean it, he helped me see how beautiful I was. After practice he would pick me up and carry me back to the locker rooms. When we both reached high school, he would always tell me how I'm too good for the guys I was talking to. I loved having someone who would watch over me. Felipe's beautiful soul will never be forgotten.

“ *Meeting you ninth grade set the highlight of my high school years. You taught me and everyone around you not to be scared to make friends, even if you thought talking to strangers was scary enough. You are the greatest person, you lived a short but happy life and we will all continue to live ours in memory of you. Always in our hearts, Felipe*
