“ *Tío Fredy, it saddens us that you're no longer here with us. The unimaginable happened and it breaks our heart to think we aren't going to see you anymore. From your funny T-shirts to your corny jokes, you're an uncle that we will never forget. We'll always remember how you used to say your cigarette box was the only cell phone you ever needed, until you finally realized you couldn't call Mamita with it! You always remembered to call us or text us for our birthdays and bought us the "cheapest" yet most thoughtful heartfelt gifts. We will forever miss you and your "great" soccer moves! The casino days were always the best since you gave us money to gamble away. Your dance moves were like no other especially when la puerta negra song came on. You were always ready to fish, but never had much luck! Your great nieces and nephew will forever remember playing soccer with you and reviewing the alphabet, numbers, and colors. The few memories they made with you will always stay in their hearts. Like you always said, hasta luego tío Fredy we love you and hope you're flying high while watching over us. Until next time.....*
