“ *Mama Jean will forever be missed. I remember so many wonderful things about my childhood because she was in it. Grilled tomato sandwiches, sleepovers with Brittany & Jordan, and swimming with Cathy were some favorites. Paige and I loved when she would watch us-she truly felt like family. I still spoke with her on the phone often and she always referred to me and Paige as "my babies." I would have loved for her to meet my babies and know that someday she will.* 💕

“ Jean was the light that shined on everyone with her smile, her person. She was beautiful inside and out and although she suffered bouts of laughter to the point of getting asthma attacks with me, she always, always suffer them for me. I love her and I will truly miss her. Jean calling me names was iconic and memorable and to this day and always , the memories will put a smile on my face. Mom, you carved a place in my heart, I love you..Reina.

“ Momma Gene is an understatement! Growing up around the corner from her was like having another Momma Bear on the block. Always had a watchful eye, a kind word, and a caring soul. Your children are a testament to you. You will be missed but always in our hearts.

“ As a child I was very shy and would not go to anyone. The first day Mama Jean walked in our door it was love at first sight for me. My best childhood memories are times spent with her. We were “her babies”. When the time came for mama Jean to take my sister and I to school for the day, I’d often say I didn’t feel well (twice a week at least) She would let me stay home with her instead. Mama Jean was the most loving and kind woman in the world and I would not be the woman I am today without her. She will be missed an immeasurable amount.

“ I have 2 wonderful adult daughters Jessi & Paige. I couldn't say that if I didn't have the support, help and love of Mama Jean in their lives growing up! They say it takes a village to raise children. Mama Jean was my village ❤️🙏
