“ I am so sorry to hear of Hannah's passing. Hannah was so special to my family. She was a guardian angel for my brother, James Collier, and his daughter, Cynthia. She kept me informed when they were in need and always assisted them when she could. She was such a beautiful person and we loved her.

In deepest sympathy and gratitude.

“ When I heard about your transition from a world of turmoils and woes I was really saddened. But then I thought about how wonderful it is to be free of earthly cares and to be in a place where the sun does not cease to shine. Yes, I will miss you but to wish that you were still trapped in an earthly body and not rejoice over your freedom and your everlasting peace and joy would be selfish. Hannah you were like a sister to me. I recall your visit to Dorothy and I when we lived on Duffy in Savannah, Ga. You showed up at our house with hugs and kisses; looked at us and said I want to take you back with me, and that you did. The year was 1961. You were more than a sister-in-law. You were the best friend I could ever ask for. I am James Ponder but to you Junior, the name only the family calls me. Thats what you always called me because you really were family to me. Enjoy your everlasting home . We will all meet again one day. Until then I will cherish the great memories I hold in my heart of you.

“ It seems like yesterday that we were together conversing about things in life and most of all about the goodness of our God, the times we were in church fellowship together, you being in my wedding and I in yours. Now you have moved to a higher plane where peace and joy will never cease, and though God has called you home, we will not forget you. The good that you did in the earthly realm will be remembered. There is no higher calling and greater place to be than with the one who created us--and gave us eternal life. You always had a smile on your face, but the cheers and smiles that the angels gave you as you arrived at your new and everlasting home, without a doubt, must be too awesome to describe in human terms! Good memories of you will always be in my heart.

“ *I remember a few years ago I was waiting to catch the train back to North Carolina at night and I was all alone. I turn and look someone had called my name to my surprise it was aunt Hannah. She had come to see me off she was a very special lady and will be greatly missed.*

“ *Mrs. Hannah befriended me sometime in the mid to late 1990's. Her gentle disposition, kind heart and ever present smile made her a real treasure in my life. When I had my two sons, she adopted them as her own even though our skin color was different. She was truly a beautiful lady, inside and out. She would call me at all hours to see if I was okay and to pray with me. If this lady does not get into heaven, the rest of us are in big trouble. She was, by any standard, a saint of the living God and will be miss by all who knew her.*

“ *If only I had the words to describe how I feel that my mother is no longer here....She was a God fearing woman that was prepared to leave at anytime. She has mentioned to me on a few occasions that she did not want me to cry whenever she transition and to think of the good times that we had together. I wish I can honor her wish but it is hard to fight back my tears. I love you mom!* ”

“ *I was supposed to named Adinah Marie. Aunt Hannah had a dream that I was to be named Michelle. She called my mom and asked if she could name me. My mom already had my name picked out but she decided to let Auntie choose my middle name.* ”

Prayers for the Fitzgerald family. Mrs. Fitzgerald was a woman who loved the Lord and shared her love for the Lord with everyone she met. Heaven has truly gained an angel. I pray strength for the family during this time and pray God heal their heart and comfort their soul in the name of Jesus.
