KC

“ When Heather walked in a room, she lit up the room. She had the most beautiful blue eyes. They reminded me of my Grandpa s sky blue colored eyes. As a Co worker and Nurse, she was very witty, so much fun and her humor was spontaneous. She loved taking special care of her babies. As a friend we shared a passion for dogs, especially York shire Terriers. She had Stella and I had my Harley. We had many personal conversations where she was so attentive and listened with empathy and care. She often told me how her boys were her biggest acheivements. We shared many family stories throughout the years. At the beginning of her diagnosis, she was very scared and worried about who would take care of them when she passed. Then she showed such strength and courage by facing the demon and fighting so hard. She bravely chronicled her struggles, the good, the bad and the ugly , of this disease via Facebook. Who ever looked so beautiful and bald. She actually embraced it. During her hospitalizations when I visited with her, her Mother Merriam, was always at her side. She was a constant source of love and support for Heather during this time. I will miss the beautiful sparkle in her eyes. I thank God she was in my life and that I was able to witness her transition. Surrounded by her friends and family. May God wrap his arms around her sweet Mother Merriam, Patrick, Daniel, and Max as they mourn. Please give them peace. Amen.
