“ I worked with Heidi Jansons for over 7 years at the Library in Lindenhurst, New York. We became friends and talked every day. In 1994, I moved upstate and Heidi and her husband moved to Maine. We never lost touch in all the years from then till her death. She never complained about feeling sick. She made the best of things. We emailed each other every day and talked about everything. In the last days of her life, though she may have been in pain, she found the time to email me and even to call me. She told me how much our friendship meant to her. If she knew I had to work till 8:00 in the winter when it was dark, she'd ask me to email her when I got home so she knew I was safely home. She was a wonderful, kind, humble lady. I will miss her always. I lost a wonderful friend, one who always took the time to think of others. Dear Sweet Heidi, rest in peace.....Vina Byrne, Walton, New York

i never had the pleasure to meet Heidi in person. Our contact was on faceook. But I felt like I knew her forever. She was so full of life and adventure. I affectionately called her a Mountain Woman. She used to laugh about that and say yup that's me. I will miss our conversations. My sweet friend RIP and I will miss you.

Dear Heidi. am so glad that I got to be your neighbor at Longlake.you were a very kind lady, and came to visit me when you were able to walk over. You would never come over in your car if you could possibly walk. I remember getting after you for not wearing shoes, only slippers on rough ground. I have planted the pine you gave me right out front where I can see it from my window - will call it Heidi's tree. Take care George, I know you will miss her so much. Love, Linda
