“ Howard Anderson, my brother, in his early years was so much fun to be around. Though He and I were twins, our little sister Sam and he were even closer. But Howard loved and respected our Mom as we all did, more than anyone. As we grew up Howard married the love of his life he often called her, Amy and they were married over 20 yrs. From thier union they had 2 sons Jamie and Jason. 1 grandson Jayden, 4 grand daughters Kaley, Emma, Ariella and Izabella. Also 2 great young men he help raise and he called his kids, Donovan and Ryan. He loved them all and he will be missed. I pray Howard will one day be able to show his loved ones what a great person he really was inside. We were all raised by a strong Cherokee mother, work hard and always keep family and God first. No one had the priveledge to know the true Howard the way his family did. We all miss him so.

The family thanks all our friends and Howards who have shown true support in our loss. So unexpected and sudden. But we will see him in paradise. Rev 21:3,4. We all must do our part to make sure we are there to welcome him back. He truly was loved by his family and hope we can retrieve his belongings to share with his grandchildren who now will never know him. Please keep his memory alive as we so appreciate all the cards and show of support. Love Family Forever

“ My brother, friend and other half. He enjoyed life and living on the edge. Loved watching Nascar ! His favorite sport to watch. As his coach specialty auto body shop business grew he had the opportunity to service race car drivers like his favorite Richrd Petty and others. He repaired many body damages. Loved his work, taking pride in making sure the drivers home on wheels were just as good as new. Proud of you big brother.

your sis with a hole in my heart where waiting for you to fill again as twins do. i know i'll see you and mom in the resurrection and paradise everlasting.
