“ *Amazing human being with a smile and attitude that made any room he was in brighter. He was the kind of friend who would literally do anything for someone he cared about. I met him when I was really little and he and I would go on grand adventures together catching critters and then tormenting my sister! He always had my back! :D For a long while we did not get to see one another but found each other again later in life and we picked up where we left off. (less the critters) I called him my fellow Goonie because he was a forever friend. I will miss his face, his smile, the way even at bad times he could find something to laugh about. Cherished memories...praying for his family...he will NEVER be forgotten!*

I only met Jason once or twice through his friend/my husband, Jeff. That time or two I could see just how much Jason enjoyed life. He was always smiling and ready to have a good time. To his family... God bless you and may He bring you comfort during this difficult time.
