“ *She was a VERY special Lady to me. I called her MOM and she called me her red headed step child. Each time I drove by as recent as seems like last week, she would smile her beautiful smile and wave. Rest....*

“ *Granny, I will forever cherish all of our talks, all of the life lessons you taught me, and all of your humor you shared with me. I not only became friends with your Granddaughter but also with you because you were just like a friend to me (thank God one with way more intelligence & common sense than my 13 yr old friends). I will always appreciate all of your wonderful traits that you added to my life. I am a much better person for having known you! You were a Granny to many kids that you didn't have to be but that you choose to be because that was the loving, giving person you were! You will live on in many people and for that the world will be a better place! RIP until we meet again! Love you Granny

“ You were the best Grannie a girl could ever ask for and the # 1 G.G. to Tyler and Hannah. Tyler says he will miss your voice and you were the coolest of all. Always loving, caring and so happy.

Tyler says you had an mad meter of 0. You were always happy. We talked about it and I agreed. Never once in our lives have we seen you upset. Never angry, never a harsh word, never anything negative. You were truly amazing and have taught us all how we need to strive to be like you in our lives.

Hannah is sad and will miss your games of Candy Land on the floor. This morning she woke up and wanted to go to our girl's breakfast at Koffee Kup. She ordered the pancakes like you always did.

Grannie you will always be my inspiration. I will cherish all of our memories together and I am truly thankful for all of the good times we were able to have.

Watch over us from above and know we all love and miss you very much.

Tyler, Hannah, Hollie and Alberto.

“ Always appreciated how accepting she was of me. I loved hearing stories of how things were, and her opinions of how things should be. She shared some good life lessons with me at a time when I really needed them. I was a mess back then, and she always treated me so kindly and respectfully, when I really didn't deserve it.. I remember mowing that big yard of hers! (sorry I couldn't fix that mower..) The morning coffees, the cook outs and parties. Granny you were the coolest. I am sad to see you go, but find comfort knowing that you are home with Dale, Heather, and your puppies. Wishing you all the very best in your next adventure. Will miss you. Give Heather a hug for me. All the Love Granny.

“ Dearest Mom, you left this side of life to early. I needed you to help being my eyes. I cannot be Thelma without my Louise. We butted heads in many ways, but in the end the respect for you being my mom was always held to the highest level. You adopted me when no one else would. You put up with my many broken legs. Even after marrying Roger, I still called out for you when I had nightmares or when I was scared. You were my forever constant in my life and now it's empty. There were still firsts for you to discover in your life. Our next adventure was to be an airboat ride. I'm sorry you had to go, but I know you would not have been happy here anymore. The chariot swung low and carried you to heaven where you were able to walk the red carpet to where dad stood waiting for you. Heather wasn't far behind and Abbey is reunited also. Till we all meet on the other side and I get to hear you say 'Goodnight Peg' again... Goodnight Mom! All my love Peggy P.S. Give my daughter a great big hug from me and tell her I miss her so. tell dad I love him also and miss him!

Dear Mom...I've never felt so lost...probably the only other time would have been when I was adopted at 3 years old waiting for parents. But then, I don't remember back before that time, only the day you and Dad came to pick me up for good, and going to the Dairy Queen to buy me an ice cream cone on the way to my new home. I only have memories of after that time...My heart just aches to know that I will never hear your voice over the phone again and I was so excited about coming down on vacation this year in September to celebrate your 88th birthday. I really hope we all do see one another again in the future for I shall miss you every day for the rest of my life. I love you and God bless you.....
