“ Jeff and I have been friends since Kindergarten. We went through grade school, Sunday School, little league baseball and all kinds of neighborhood antics that kids do. We were separated some as Jeff went to a Catholic High School. After graduation Jeff went to Florida and I into the Marine Corps. We were separated for 40 years because a thing called life got in the way. But, we reconnected through Facebook because of another friend and his brother Ron. After great reunion day about 7 or 8 years ago, the friendship renewed. It was great sharing memories about the old days, playing some golf and many dinners. May he rest in peace. The memories will always be there.

“ I am so blessed to have known Jeff both professionally and personally. Definitely thankful to have worked with him where he led our team with integrity and allowed us to grow and thrive and where he created a work environment that was positive and made us to feel valued. He made a difference in so many lives at work but also with the work he did to make the best possible for the people of our community.

We spent much time outside the office where he was always friendly and caring. He cared a lot for his family and was a real role model for how to be a great father and husband. I always enjoyed going with Jeff on all the road trips and various meetings and company events, he was someone I enjoyed spending time with. When I had my big medical issue he was the first one to see me at the hospital, that is the kind of guy he was. I will miss him, good bye buddy.

Jeff and I spent many years with Humana. Some changes we thought were good some not. We always did our job and kept the folks in Louisville happy. Best twins ever. Love you all.

Jeff was my first cousin and I knew him best as a little kid playing with my son Scott here in the DC area. My thoughts are with you Deseree and my cousins Andria and Ron as well as my aunt Ann. Rest in peace Jeff from your Washington relatives.
