“ *This angel has wings again. The light and joy you brought to us all is a little dim now but it's only because we are in the shadow of your light shining from heaven. We will feel your warmth and love in a new way now. I will cherish every memory and moment I was blessed to get with you! I am comforted knowing you're waking those streets of gold with Grandpa, smiling and back to your restored soul.* ”

“ *Joelene, Jackie and families,  
Please know that you are all in my prayers. I have wonderful  
memories of your precious Mom. The beautiful ceramic Angels she  
gave me watch over my home, and the sweet handwritten notes  
touch my heart whenever I read them. God bless you all.*
