“ I'm very sorry to hear about this. I am a fellow worker in his industry who worked alongside of him a few times, and when I could not reach him by phone, I started looking around and discovered the obituary. Very sorry to hear, he was a great man.

“ My wife and I are so sad to hear of Jimmie's passing. We just learned about this today. He did many projects for us at our rental in Chalet Village. His integrity and workmanship was unmatched. We were always extra happy on visits to TN when we would be able to meet and talk with him in person. I was concerned when he didn't respond to my well wishes at Thanksgiving and Christmas. We are devastated to hear that Jimmie has passed but cherish our memories of him. Our heartfelt condolences to his family and all that knew him.

“ I’ve just learned this morning about Jim’s passing and I’m devastated. I recently reached out to him and didn’t hear back and knew that something was wrong because that’s not of his character. Jim was such a kind soul. He did contract work for our property in Sevier County. Jim was very helpful and went above and beyond for us. We would always call him ahead of time when we would come down to visit so that we could hang out and that he could meet our family. My aunt, uncle and dad took an immediate liking to him and Dawn! We always looked forward to seeing them while in town. I’m going to miss our visits with them.

*Praying for you Dawn,  
Love, Jasmine*

*Thank you for the kind words. I am his sister Virginia. Dawn abandoned Jimmie in hospital, when he would come to, it was heartbreaking to have to tell him she was not there, and we did not know where she was. She inexplicably also cleaned his wallet out on the few occasions she was there, he went to pay a nurse for a coffee she brought him and was SO embarrassed to find she had taken all his money. She came very close to getting in legal trouble, kept drinking on the rare occasions she visited him, even staggering in and out of other patients rooms. Jimmie was just in shock and embarrassed as hell, he could not believe she was acting like that, he would never in a million years have treated her so. Much more I could tell you, but in a nutshell, she was not who she portrayed herself to be. He deserved better.*

“ *In 2007 my wife Kay and I met Jim when we sought a contractor to reinforce/rebuild a deck on a cabin we had just bought in Chalet Village above Gatlinburg, TN. He was willing to do the job when other contractors declined to submit bids. This began a friendship that lasted from that day until his passing. He helped us upgrade our cabin until it burned down during the 2016 wildfire. When we decided to rebuild Jim assisted John Heilig in constructing our new cabin on the former site. He recently did some work for us last Fall, When we would come to our cabin he would often come over and talk about how he loved his wife Dawn, his mother-in-law and his dogs. The last time we visited with Jim was in mid May in which we talked and reminisce for over a hour of experiences we had with him over the last 18 years. Jim was a man of his word who sometimes did work for us without giving us a quote. That is how much we trusted Jim and his honesty.*

*Our prayers go up for Dawn, his mother-in-law and his construction staff as they adjust for their great loss in the coming days. Jim was a great man and a great friend. Ralph Richardson*
