“ I’ll always remember the times she gave me rides home from school and my favorite memories are when she would talk about any serial killer documentaries and horror shows/ movies she loved watching. I ended up watching some pretty interesting horror movies with her. I’ll miss you so much and hope you are dancing away with papa up there ❤️

My sweet Nanny. You have no clue how much i miss you and wish you were still here. The girls miss you so much. Nena says Nanny and Papa we make sure she remembers you every chance we get. You where my light when times got dark the only voice I could hear and know that everything was going to be alright. I love you Nanny and will forever be grateful for you and papa. I know he was so happy to see you at the gates. Please keep a watch out over the girls like i know you will.
