“ *Brother John Bahar was my Minister and hero! He took the time to come and visit me while i was in my lowest state while in the belly of the beast!He was apart of the 1st resurrection and blessed me with the life giving teaching of T.H.E.M. which changed my life forever!He once told me "brother why do you want to be a minister?"Brother you have to be crazy to be a minister!"Brother the brotherhood isn't the same as it's in here so don't be disappointed when you get out!"That's why T.H.E.M.said his most faithful servants were in the belly of the beast"!I didn't understand what he was preparing me for but i understand now! I Love you!You will always be my Role model! To my family,i love you!May Allah bless you to overcome the hurt and pain we are all feeling right now!*
