“ I met Tony when I was about 18 . I later became his roommate at the age of 21. It was always a fun Time with Tony he always made me feel like family.

Such a respectful and kind hearted Friend.

I will never forget the memories we shared in what we called “The Tree House”. And all the good times we had.

Love you Tony I will keep you In my heart forever .

“ Damn Cuz I can’t believe that you’re up there with Abdaris “Dary” now and I hope you guys are having a blast clowning around like we did skipping class in Lee Middle that eventually got me expelled from Riverdale but I’m ok with how my life turned out and you’ll forever be missed Bro 🙏🥰
