“ I have known Joe for many years, as his co-worker and friend. From the very start, he called me by name - but he used a derivative of my name that only my 3 brothers would use - "Mikey". At first, I thought "is he really calling me by that name?"

As time went on, we had conversations - sharing various insights about work - life - fishing - etc.. With Joe, his communication was always straight forward - honest and truthful - he told it how it was - unfiltered (like it or not). He was a like another big brother to me.

That is he who was, and that is why he is admired and loved by so many.

I am thankful and blessed to have been able to know him and will miss him so very much.

“ Joe was part of the Paule family for the past 33 years. He was the first to hold my son Jacob. 2 1/2 years later he was called to babysit Jacob when Ryan was being born. Joe got his values from his Mom, Dad and his siblings. That is why Joe was the wonderful person that he was. We shared thousands of dinners, happy hours and holidays. Joe was a great role model for my kids for his values and giving heart. We will miss him dearly. He is in heaven with his brother Mark and seated with God. Joe I love you but is in Hammer time in heaven. Love you bro!

“ I have worked with Joe for over 16 years at Oracle starting when we were covering off hours shifts. Joe's sense of humor made the evening shift fun to work. He was always a friend to everyone around him and we're going to miss his presence. It is very shocking that he is taken away from us so soon and we will keep his family in our prayers.

“ Joe was one of my first friends after my transfer to Orlando Office. He was very interested in knowing who I was..During these past 15 years, we moved out/in several times between the two Oracle buildings, but his desk was never faraway from me. This way, Joe became part of my every day life...

The most beautiful moment from Joe I will treasure forever was when I overheard he calling a flower shop to place an order to send flowers to his mom....when he started saying the words he wanted to be written on the greeting card, my heart melted... It was so beautiful, and touching . From that day and on, the way I saw him was different.

He was also one of the smartest guy I know. Sharp and Crispy brains when discussing technical issues. I am very grateful for the friendship that we shared during all these years. We are missing you already!

As life goes on Joe, our paths will cross again.

God bless you Joe, your family and friends.

Hi Yemi,

Wow what a letter!!! Thank you so much, you made my day. I still find myself struggling with rackets and mean machining. I gotta keep working at it.

Joe

Hi Joe,

“ *I meet Joe 5 yrs ago at the Orlando Solar Bears & shared insights of the game between periods. We may not have agreed on what went right or wrong but we enjoyed the banter. I knew Joe was a great guy because he was a Detroit Red Wing fan, I myself have been with the Wings going on 68 yrs. We would always talk about what they need to do to get back into the playoffs and remember the good old Wings day. He enjoyed it when I told him as a 7 yr. old & living in Windsor Ont. I had a chance to go to a Red wing practice & got on the ice with Gordie Howe, Ted Lindsey, Sid Able , Glenn Hall & all the rest of Red Wings. I was shocked when Jeff called & said he had passed. I will truly miss him at the hockey games. Rest in peace Joe & enjoy all the old hockey players you will meet in hockey heaven.*

“ Joe was the kind of person that when walking into a room people's eyes would light up and they would smile.

Joe was a gregarious guy, he was honest, dependable, steadfast and forthright. There was a great sense of strength surrounding him, not just in the physical person that he was, but in how he handled his life, his spirituality and the people around him. That is why I am in a state of shock about Joe.

As Joe was Catholic, we will be praying the Novena prayers in memory of him.

God bless you Joe, your family and friends, such as is our loss, we will miss you!

“ Joe was the type of person who would help others freely and willingly with no expectation of anything in return. This carried out in all aspects of his personal and professional life. I live in the northeast but traveled to Orlando frequently and saw Joe almost every time. He was always available for a work or personal conversation. Joe was a go to guy for so many at and outside of Oracle. He was truly respected for his knowledge and his demeanor and willingness to share that knowledge and help other. An upstanding guy who will surely be missed by all. Condolences to his family, friends and acquaintances, I wish I could be in Florida to pay my respects, but will keep Joe in my thoughts and prayers.. Rest in peace and God Bless Joe.

“ When I joined the Oracle team Joe was the first one to welcome me and make me feel comfortable He was always there and never too busy to help. Be it Christmas, Easter, holidays Joe was the first one to reach out and wish. Conversations with Joe were always fun, engaging and I always learnt something new from him.

“ *Joe was always ready to help anyone in need. One time he shared this Story with me. Joe was coming back to Orlando from Georgia on I-95 and I think it was raining that evening and he saw a homeless guy on I-95 asking for a ride. Joe goes past him and drives like 20 miles on I-95 and thinks he made a mistake and turns around and comes back and picks up that homeless guy and buys him food and also gives him 100 bucks to stay in a hotel that night. What a generous man Joe was and this tells how compassionate Joe was. I spent 10 years in the Lake Front office and Joe and myself were the only ones coming into the office. We miss you Joe.*

Thank You Joe for all the memories.

Your Friend who will never forget you.

Sincerely your friend and Coworker.

“ Joe was always there for his peers, me, and my family. He was great to talk to, and never ran out of things to say. I enjoyed the more challenging discussions and banter we had. And I cherished the times outside of work when he helped me; through some dark days he brought me light. When someone was in need, Joe was there. When work was tough, Joe dug in. He knew how to connect and always lived his truth, and I admired him for that. Joe was the guy that always had your back. He was my friend. He was generous with the knowledge he had and the love he shared with the world. Thank you Carol and Dean for giving us this beautiful man. His was a life well lived. - Dawn
