“ *JJ you will forever have the most special place in my heart. You made such an impact on all of us in NC & especially myself. I will never forget all of our late night talks about life and all the tears having your shoulder to cry on. You always reminded me that everything would work out for me one day and that you would always support me. You were there for some of my hardest moments and I appreciate it more than anything in the world. I was driving home tonight listening to one of our favorite songs we always would listen to in the car and I saw a shooting star. I immediately knew that you are already looking over me. We didn't get enough time together but I know we will meet again some day. I love you always my sweet friend and please continue to watch over our special friend group.*

“ Joe where do I even start...I've known you most of my life. We met in kindergarten in Mrs. Reyes, and we made our way through elementary, middle, and high school. You were always such fun to be around. Bringing laughter and smiles and always making sure people were okay. You had such a good heart. You were always so kind and loving. One of my favorite memories with you was 3rd year in Ms. Jacobson class man that class was so fun!!! and when we went to Seaworld. We had such a blast!!! You were my buddy. Always beside me. I will miss you dearly, look over all your friends and family please watch over us. I love you forever bro ❤️❤️❤️
